

1. Please describe the imagery collection, however briefly or in as much detail as you wish. An example of a description might be: “This collection consists of a set of unrectified, black-and-white aerial photographs flown along Fenwick and Assateague Islands, Worcester County, Maryland, in October 1952. Each of the # photos in the collection is about 2'x2' in size, most with an approximate scale of 1 inch = 200 feet. The photographs cover the Maryland section of two narrow barrier islands that lie along the State’s Atlantic coast, separated by the Ocean City Inlet: Fenwick Island to the north and Assateague Island to the south. The general area of coverage extends from the Maryland-Delaware state line in the north, about 10 miles north of the Ocean City Inlet, to the Maryland-Virginia state line in the south, about 23 miles south of the inlet. For several sets, handwritten markings on the front of the photographs indicate miles north or south of the Ocean City Inlet (Mile 0), as well as some street numbers or names and the general area now occupied by Assateague State Park. In addition to the # photos, an index map is included in the collection. Based on information found on the back of many photographs, the sets were originally acquired by the Maryland State Roads Commission (now, the Maryland State Highway Administration) and later transferred to MGS..”

**9. The map scale is the ratio between a distance on a map and the corresponding distance on the earth. We have provided here some of the more commonly used scales. Select the one that most accurately reflects the scale of this collection. Example: one inch equals two hundred feet would be depicted as 1:200.**

		Response Percent	Response Count
1:1,200 (1 inch = 100 feet)	<input type="checkbox"/>	9.8%	10
1:2,400 (1 inch = 200 feet)	<input type="checkbox"/>	15.7%	16
1:12,000 (1 inch = 1,000 feet)	<input type="checkbox"/>	6.9%	7
1:24,000 (1 inch = 2,000 feet)	<input type="checkbox"/>	2.0%	2
<b>Other (please specify)</b>	<input type="checkbox"/>	<b>65.7%</b>	<b>67</b>
